STANFORD, LINCOLN COUNTY, KENTUCKY, TUESDAY, JANUARY 30, 1912

EVERY TUESDAY AND FRIDAY

OFFICERS SELECTED FOR LOCAL OPTION ELECTION

Both Wets and Dries Present Lists of Names and Two Are Given Each in Each Precinct

The county board of election commissioners met here late Saturday and picked the election officers to serve at the local option election on February 10. Both the wets and the dries presented lists from which the officers were chosen, two being chosen from each list, so that each side should have equal representation at the polls. Of the officers chosen, the wets have seven sheriffs and the dries six, the sheriff in the election having the deciding vote in any question coming up regarding the deciding vote in any question coming up regarding eligibility or qualification of a voter, etc.

The members of the county board of election commissioners are Dr. R. L. Davidson and J. T. Embury, with Sheriff W. L. McCarty, chairman. The chairman has no vote on the board except in case of a disagreement, of the two officers and sheriff. McCarty said that the other members of the board voted together on the selection of these officers, so that there was no occasion for him to vote.

The list of officers, is as follows, those selected by the dries being indicated by a D, and those by the wets by a W:

DEFECTIVE FLUE DID IT

The home of Mrs. Maud Hughes, about five miles this side of Waynesburg burned down last week, as a result of fire catching in the roof from a defective flue. The house was burned to the ground, and most of the furniture of Mrs. William Odear, which was in it was also destroyed. There was \$400 insurance on the house and \$300 on the furniture. Neighbors did everything possible, but were unable to save the property.

Keep your house insured with J. D. Wearn, the Insurance Man, of Stanford and you are always protected in such cases as this.

GOOSE FROZEN IN ICE

For Two Days, Rescued and is Alive And Healthy.

The I. J.'s correspondent at Mt. Moriah tells a cold weather story which "tops" just a little of that told by Joe Ross a few weeks ago.

Mr. Ross Baugh, who lives on Green river, owns a pet goose, so the story goes. One day during the recent cold spell it disappeared. After searching for some time, the goose was found frozen in the ice. An ax was secured and the ice broken and the goose was rescued. After staying for two days completely covered with the ice, it is still alive and hearty at this writing.

WILSON THE FAVORITE

For President Among Members of The Legislature.

Gov. Woodrow Wilson, of New Jersey, leads the presidential possibilities as the choice of the members of the Kentucky General Assembly, according to a special dispatch in the Cincinnati Enquirer. He has a total of twenty-nine votes. President William H. Taft comes next, with twenty-two votes. Twenty-five democrats and four republicans are noncommittal. The other candidates are preferred as follows:

Gov. Harmon 21; Speaker Clark, 14; Oscar Underwood, 4; Henry Waterson 7; Theodore Roosevelt, 4; W. J. Bryan 3; Ollie James, 2; A. O. Stanley 1; James B. McCreary, 1 W. R. Hearst, 1.

Practically all of the Harmon men prefer Woodrow Wilson as a second choice, while the Waterson men are ready for Congressman Underwood. With President Taft out of the way Col. Roosevelt would have a clean sweep of the Republicans, while the men who are down for Col. Roosevelt are for him first, last and all the time.

All of the presidential possibilities have been invited to speak here during the session and the poll may be different after the session closes. The Harvey incident has not lost Gov. Wilson any strength this state, but his greatest hardship is his name, as many Democrats fear the voters would confuse it with Kentucky's former Governor, Augustus E. Wilson.

PARKSVILLE.

Mr. J. T. Wayne sold two fat cows to Mr. C. R. Martin of Danville for \$3.44 cents.

Miss Annie Cosby, of Junction City came down yesterday and is stopping with her cousin, Miss T. L. Cozatt.

Mr. Charles Whitehouse, of Riley is acting as operator at Cozatt's, while operator Frank Westerfield is at Lebanon.

Mrs. J. F. Ware, of Danville, and Mrs. Joseph Bishop, of Hustonsville, spent Wednesday with their niece, Mrs. O. B. Murphy.

Messrs. W. S. Aldridge, W. T. Cozatt, George W. Tucker, Henry and Frank Lewis, S. H. Westerfield and Frank Westerfield are among those who left for Lebanon as witnesses in the case of Ben Robinson for killing Manson Isaacs.

Mrs. W. A. Brown is not so well and her children relatives and friends are again anxious about her condition. It will be remembered we had reported her dangerously ill, later we reported her improving. She grew worse Wednesday. All still have some reason to hope she will get up.

Mr. William Ferrill and Miss Fannie Gaddis were united in marriage at the residence of the bride, last week. Rev. J. W. Edwards pronounced the ceremony. It was a very quiet wedding, there being only a few relatives and friends of the contracting parties present. The bride is a daughter of the late Thomas Gaddis, is one of the most deserving young ladies in her community and active in church and in everything for the uplift of community. The groom is a young farmer, sober and industrious.

TOO MUCH CRIME

ALREADY IN LINCOLN

Without Opening Saloons, Says "Bud" Reynolds In An Interesting Letter From Kansas.

Neola, Kas., Jan. 25, 1912. Interior Journal Stanford, Ky.

As we are having real winter in this part of Kansas and can do no outside work I will take the time to write a few items to my many friends who read your columns.

On December 19-20, we had a 10 inch snow fall and since then we have had sure enough winter. The mercury has been hovering around the zero mark most of the time, and the snow has not melted any as yet, but this morning is cloudy and looks as though we may get more of the beautiful.

A great many farmers in this vicinity including myself are not doing hatching corn and no prospect of getting to husk for a while. Wheat in this part was looking well and the old farmers are predicting bumper crop this year. I have rented the farm of Mr. R. S. Lytle, of Danville, and have sown wheat on it and expected to have moved to it in this month but this snow has delayed the move. Mr. Lytle's farm is located in the north west part of Stafford county, 35 miles from here, and 11 miles from St. John, the county seat and is in a fine wheat and corn growing vicinity.

Seward will be our nearest shipping place. It is a small town on the central branch of the Missouri, Pacific railway. It has three splendid grain elevators and is 6 miles from Mr. Lytle's farm.

I was glad to learn of old Kentucky rolling up that splendid democratic majority in November, and truly hope she will do as well in the presidential race next fall. Hon. Champ Clark, of Missouri is Kansas' choice for the democratic nomination for president, and we hope he is nominated for there is no one better fitted for president, so the people of the west because he is a Kentuckian. You know I can't go back on Kentucky, everything else being equal.

W had an election Jan. 9 in this the 7th Congressional district to elect a congressman to fill out the unexpired term of Hon. E. H. Madison, deceased. Hon. Geo. A. Neeley, was the Democratic candidate, and won by a good majority although the district is largely republican.

I was awful sorry to read of that terrible tragedy at Crab Orchard by which two homes were left lonely and a number of children made orphans.

It looks like Kentucky or some of its people at least are determined that it shall ever be the dark and bloody ground. We think from what we see in the I. J., that Lincoln county has enough crime with only the bootleggers and blind tigers to aid it, and can't comprehend why any one who has the future welfare of Lincoln county and its future generations at heart can vote to again open the saloons in the county.

Wishing you all a prosperous and happy new year, I am very truly, M. G. REYNOLDS.

ENLARGED SCOPE.

Given State Bank & Trust Company. By Vote of Stockholders.

A vote of the stockholders of the State Bank & Trust Company was taken last week on the question of adding the Trust feature to the scope of work of the institution, and the vote of practically all of the stock was in favor of the proposition. This will enable the bank to act as administrator, guardian and in all fiduciary capacities that institutions of the kind perform under provisions of the State banking law. The stockholders believe that many persons will prefer to have a bank and trust company serve in such capacity rather than individuals, and it is said some nice business has already been assured this growing and popular institution.

BRODHEAD FAIR

To Be a Hummer This Year Notwithstanding Mt. Vernon

Notwithstanding the fact that Mt. Vernon is to have a fair and two fairs will undoubtedly be a plenty for the good county of Rockcastle, the officers for the Brodhead fair are planning for a big exhibition this year and, as usual, will be liberally patronized from Lincoln.

It is understood that many of the leading citizens of Brodhead and the west end of Rockcastle feel that there is really no necessity for a fair at Mt. Vernon, in view of the fact that Brodhead fair has always been there and has always been fairly patronized from Lincoln.

A number of new and special attractions have already been booked for the season. With the present management the fair this year will no doubt be a great success. The officers are Granville Owens, Pres. R. H. Hamm, Vice Pres. A. M. Hiatt Sec. and A. E. Albright, Treasurer. The board of directors are, Dr. W. E. Graveley, A. J. Haggard and J. B. Livesay. The date for holding fair for 1912 is August 14, 15 and 16.

24-HOUR CURRENT.

Question to Be Investigated By S. W. L. & I. Company

The semi-annual meeting of the stockholders of the Stanford Water Light & Ice Company was held last week. Messrs. L. M. Howe, and O. B. Hies, of Indianapolis, who hold a large portion of the stock, came down and helped slice the melon, the usual semi-annual dividend of three per cent being declared.

A number of improvements to the local plant and the question of putting on electricity in a 24-hour current for the benefit of power users, which would be a greatly appreciated move, were discussed. A representative of the General Electric Company was engaged to investigate the local situation, and report as to the feasibility of making the change. In view of the fact that the advantages of electric power are becoming better understood every day, and that the demand for it is growing all the time, such an innovation would undoubtedly, eventually prove a profitable undertaking in Stanford.

FOUGHT WITH CUSTER.

Col. J. R. Russell, of Waynesburg a Big Indian Fighter.

Col. J. R. Russell, of the Waynesburg section, was in town last Friday, coming up to ship out a couple of cases of eggs to the city. Col. Russell has been confined to his bed with Bright's disease for some time, but is much improved at this time, his many friends will be glad to know.

Col. Russell is one of the most distinguished veterans in Lincoln county, and has a war record which is probably excelled by none, although he is the last man in the world to talk of it unless closely questioned.

Col. Russell served with honor in the union army during the civil war, and at its conclusion liked the service of Uncle Sam so well, he remained in the army and was sent west to the Indian wars which began to break out about that time. He served with Custer in several of the battles against the red man, and at the time of the famous massacre when Custer and his entire command was wiped out, Col. Russell started out with Custer's rear guard. His description of the day and events is very graphic. He says that the rear guard was proceeding about 500 yards behind the main command.

When Custer and his men crossed the Little Big Horn river and filed into the valley where the battle was fought, the Indian chief Sitting Bull closed in behind the soldiers as soon as they had crossed the river and were in the trap, which had been set for them. Just as the thousands of warriors in war paint, closed in behind the soldiers, the rear guard, of which Russell was a member, approaching the river bank. Had they been five minutes sooner, they would have crossed the river and been hemmed in, too, an undoubtedly a left to tell the tale. As it was they saw the entire body of redskins rush in behind Custer and his main command. Seeing the handful of men composing the rear guard, a small detachment of Indians was sent after them and chased Russell and his comrades for twelve miles. Meanwhile the main body of Sitting Bull's

DEMOCRATIC PLEDGE TO PEOPLE FULFILLED

County Unit Bill Passes Senate By Safe Majority—Senator Hubble On Right Side.

By a vote of 24 to 14 the senate of Kentucky of last Thursday afternoon passed the county unit extension bill which had been promised the people by the democratic platform. Gov. McCreary will sign the bill and it will then be a law, by its provisions, every county in the state becomes the governing unit for local option election. The present law provides that cities of the first four classes should vote separately from the remainder of their counties, but this was the objectionable feature to the temperance people and they fought to have the whole county govern, and have at last succeeded in their fight.

It is believed that very few counties in the state will have their present status changed, because of the fact that most of the cities of the first four classes have sufficiently large population to offset the vote of the counties of which they are parts.

Among the twenty-four senators voting for the bill was Senator R. L. Hubble, of Lincoln county, those constituents are much pleased at his vote. Senator Hubble has never considered a "dry" man but felt that inasmuch as the democratic platform had promised the extension of the county unit bill, he should vote for it.

The way the Senators voted on the bill was as follows: Yeas—Senators B. M. Arnett, Bale Beard, Bertram, Biggerstaff, Brock, Catlett, Durham, Eaton, Frost Glenn, Graham, Habbe, Marshall, Moody, Newcomb, Prichard, Salmon, Sanders, Scott, Thomas, Tichenor, Tunis and Welsh—24.

Nays—Senators L. W. Arnett, Bagby, Berkshire, Bosworth, Brown, Chipman, Coburn, Dowling, Helm, Hogg, Holman, Huffaker, Mathers, and Ryan—14.

GEORGETOWN VOTES WET

The "wets" won in the local option election held in Georgetown Thursday by a vote of 551 to 38, thus annulling the local option regime, which has been in effect there for the past year. The previous vote four years ago was almost a tie and required three years in the courts to settle. In the election last Thursday the "dries" made no effort and publicly announced beforehand that they would not vote, as they considered the election illegal, and would contest the election on that ground.

PROMINENT MEN

Of Mt. Vernon Get Behind Fair Movement There—Dates Chosen

(Mt. Vernon Signal)
One of the most enthusiastic meetings of Mt. Vernon and Rockcastle County men was held at the Court House Tuesday night when the plans were perfected for organization of the Mt. Vernon Fair Association. The capital stock at first was to be \$1,000.00 divided into one hundred shares of ten dollars each but it was decided to raise the capital stock to \$1,500.00 which amount was already subscribed at the time.

The following gentlemen were elected officers for this, the first year: Chas. C. Davis, President; John W. Parsons, Vice Pres.; J. Fish, Treas., and E. R. Geunty, Sec. These nine gentlemen were elected Directors. W. Staverson, F. L. Thompson, Sr., Wm. Poynter, T. J. Nicely, Richard Moore G. S. Griffin and J. P. E. Drummonds.

The dates for the Mt. Vernon Fair will be August 7, 8, and 9, as that is about the only week, which it not already taken by some of the adjoining counties. However it is possible that some date the last of July may be selected.

Operation of the bank deposits guaranty law in Nebraska has failed to result in panic, business chaos and bank failures, as its opponents predicted when it was made a feature of the National Democratic Platform in 1908. There was no bank failures in Nebraska last year. What the law accomplished was more and better business for the banks. The money on deposits in the 669 state banks was increased last year over the year before by \$2,209,674.35. The reserve on hand is 27 per cent, or three per cent more than a year ago. The law accomplished an increase in the Bank's opportunities for profit because of increased deposits. Then it made the banks more immune from invasion upon the 1-legal reserve, due to the fact that the depositors knew their money was absolutely safe, and weren't so anxious to draw it out as heretofore. Last but not least, no depositor ran the risk of losing a penny of his savings.

Among the speakers at the banquet to Senator Ollie M. James at Frankfort Tuesday night, was that silver-tongued orator and Chesterfieldian gentleman, Col. Robert G. Evans, of Danville. It goes without saying that his toast was a gem. Wish we could have been there to have heard him.

How any father could listen to those little ones who spoke and sang against the whisky cause at the Christian church Friday night, and then go and vote for saloons, is beyond our comprehension. Yet some of the fathers of these very children are going to vote against their children on February, 10.

The attempt of Wall Street to place its collar on Woodrow Wilson was a flat failure. Woodrow is a man of the people.

CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer.

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm."

There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles.

N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

The first of February we shall drop for our list the names of a couple of hundred subscribers who are in arrears and who have not given us any assurance that they will pay for the paper. We shall continue to work along this line until we get every subscriber in the list paid in advance, and then we are going to keep them in advance. This is merely a matter of business with us. We had rather have 2,000 paid in advance subscribers than have 3,000, half of whom drag along in arrears, and one-fourth of whom never pay. The cash in advance system of paying subscriptions will not be put in full force in the county just yet but will outside of the county, and nearly half of our list is on the list paid in advance, and we shall not drop any of those in the county until we are sure they do not want the paper.

HARVEY NOT THE GOVERNOR'S OWNER

"It is but true and fair to say," writes Col. Watterson with respect to Gov. Wilson, "that except for Col. Harvey he would not be in the running at all."

The Watterson charge of ingratitude is no stronger than the assumption that it was Harvey that blew greatness into Wilson. It is hardly necessary to point out that this assumption verges on nonsense. If Governor Wilson discovered that Col. Harvey was controlled by the conviction that he was the father of and chief proprietor of the Wilson candidacy the governor may be excused for deeming the friendship irration and irksome. That Col. Harvey is able to prove that on some far-away date, before anyone else he "suggested" the name of Wilson establishes no rights of ownership. —New York Globe.

TEMPERANCE COLUMN
This space is engaged by the Temperance Committee of Lincoln County.

Gentlemen of Lincoln county:—How are you going to vote in the coming election? Before you decide this very important question, sit quietly down in the presence of your family and meditate on this question seriously and conscientiously then go and vote as your conscience dictates, and you will be a manly man and feel that you deserve the respect of all.

good citizens. This question affects every home and every citizen of Lincoln county. Ask yourself how will you be benefitted by the saloon, whether it will make you a better citizen, a better husband, a better father. Compare yourself with the saloon class and see if you are in your class. Study the mission of the saloon before you support it and see if it stands for what you want. Look up the men it has elevated in Stanford and Lincoln County. Find out how many poor families it has fed and clothed, how many broken hearts it has healed. Study it fairly from all sides and be sure it is what you want before you vote for it. Think of the poor laboring man who toils from Monday morning till Saturday night to support his wife and children who anxiously await his home coming; spending his hard earned money in the saloon and leaving them in abject poverty. Compare the big, sleek, well dressed saloon keeper with the ragged hungry looking workman and ask yourself which one is the fool.

The laboring man never had a worse enemy than the saloon. God pity the depraved wretch who is a member of any church in Lincoln county and votes for saloons. The idea of God's children supporting the arch enemy of his church is too ridiculous to think of. God's people stand for that which elevates and make men better and never for that which tears down and destroys his children. If the saloon is as bad as all good people say it is, a man who is a good citizen, much less a Christian cannot support it.

FROM A COLORED PASTOR.

Rev. W. L. Logan, one of the leading colored preachers of the county who has enlisted activity in the fight to keep saloons out of Lincoln county, contributes the following to the Temperance column:

There is a class of men today, who enter church to sing and pray. They pray; Oh, Lord, thy kingdom come, And then go out and vote for rum.

How will those saints at last appear,

who vote for rum, gin, ale and beer, Will the good judge say to them; Come, ye blessed ones, who favor rum?

Who hath woe? Who hath sorrow? Who hath contentions? Who hath babbling? Who hath? Who hath without cause? Who hath redness of eyes? They that tarry long at the wine.

Let no man put a stumbling block in his brother's way. We then that are strong ought to bear the infirmities of the weak, and not to please ourselves. Rom. 10, 13, 15, 1.

"Just a countryman—that's all," is the way the grower of this remarkable ear of corn, Mr. Fred C. Palin, styles himself. Though he is admitted to be one of the leading corn experts in the country—one whose services are greatly in demand as a judge of corn exhibits, Mr. Palin asks for no greater honor of distinction than to be known as a plain Hoosier farmer, and while he openly professes a reasonable pride in the achievement of growing the famous ear of corn which was adjudged the most perfect ever grown, it is without a shadow of ostentation.

The champion ear of corn was not an accident. There can be no greater lesson in the value of careful study and painstaking selection of seed and breeding than the experiences of this same Palin. The farmer who thinks he stands

"And I was confident the moment I saw it, and looked it over, that I held the trophy winner in my hand. So much so that when I left for Omaha to exhibit the ear, I took it out of my grip and showed it to the station agent with the words, that's the ear I am going to win the \$1,000 trophy with."

So there's the story of the champion ear as Palin told it himself. And on the strength of it who will say that Fred C. Palin doesn't justly merit the title. "The Man who knows corn?"

Mr. Palin's experience as a farmer began about sixteen years ago. He had been on the road as a grocery specialty salesman, when he took a notion that he would rather be an agriculturist so he took a few short courses at Purdue University and rented a portion of the farm he now occupies. Nine years ago he

a chance to go into his corn field and by a piece of luck pick out an ear which Nature has fashioned even more perfectly and with it wrest the honors from this Indiana man, cannot do better to disabuse his mind of this fallacious notion than to read the story of Palin and his champion ear.

In the first place, Palin knows corn. If there were no more proof of this fact than the bare story of the development and discovery of the champion ear, it would be enough. And in proof of this fact here is the story as he told it himself:

"It was in November, 1910, and we were just harvesting our crop. The weather had been good, but we were a little late with the harvest. The men were going through the field with wagon in the usual way gathering the corn, and the harvest was a promising one.

We have a sort of corn show at my farm all the time and there is always an award for exceptionally true type to permit of their being exhibited. There is a small box on every wagon in which the most perfect ears are thrown. These, when properly selected, constitute the seed corn, and among these more perfect ears we occasionally find an ear that we are willing to exhibit in a contest.

"On the day the champion ear was found I was at the house and at dinner time one of the men brought it in and laid it, with a number of other ears, upon the window sill in the well room for me to take and put away in the seed house.

"Well I said, 'do you think you've got a good ear there.'"

"It looks to me like a good one," he said. "What do you think of it?"

"I picked it up and looked at it over. 'Well I said finally, I think it is the most perfect ear of corn I ever saw. It's good enough to win the W. K. Kellogg, \$1,000 trophy this year at Omaha."

began carefully breeding this new variety of corn. For two years he planted two rows of Reid's Yellow Dent, then two of Alexander's Gold Standard, detasseling the old Standard. From the detasseled rows he picked for seed only the ears carrying the characteristics he wanted to reproduce, planting these in breeding plots and maintaining careful selection, so that in nine years time he had developed a well-settled type.

The Palin champion ear was the first winner of the W. K. Kellogg National Corn Trophy, a handsome silver and enamel cup made by Tiffany of New York at a cost of \$1,000. Mr. Kellogg as the originator and manufacturer of Toasted Corn Flakes naturally has a deep interest in the development of the higher grades of corn, for the company of which he is president, the Kellogg Toasted Corn Flake Co., requires ten thousand bushels of corn a day for the making of its product. The Kel-

FRED C. PALIN.

logg trophy was offered to be awarded in annual competition for the best single ear of corn until won twice by the same producer. The fact that the Kellogg product is made only from selected white corn, while the winning ear was of a pronounced yellow type, was a peculiar feature.

The Kellogg trophy was won in 1910 at Columbus, O., by R. A. James of Charleston, Ill., with a magnificent ear of Reid's Yellow Dent, but not so perfect an ear as that which originally won the trophy and which has become known as "the best ear of corn ever grown."

The next award of this trophy will be made at the next National Corn Exposition, which will be held in February 1913, at Columbia, S. S. It is planned to make this exposition much broader in scope than any held in the past, and consequently a longer time will be required for preparation. Special buildings are being erected for the exposition, the main building to be 100 by 167 feet, ground measurements. The show will last ten days. The state of South Carolina has appropriated \$40,000 for the expenses of the exposition and the prospect is that Dixie will "do herself proud" in an effort to make this exposition the greatest of its kind ever held.

NOTICE OF ELECTION

Regular term Lincoln county court held 11th day of December, 1911, Hon. James P. Bailey Judge presiding.

In Re J. G. Weatherford and others, petition for local option election.

Upon the hearing of the above styled cause, P. M. McRoberts, an Attorney, appeared before the court and moved the court to file a certain paper, which he then presented and which is in words and figures as follows:

"In re J. G. Weatherford and others, petition for local option election.

Now comes, J. A. A. C. E. Tate L. G. Goode, W. R. Singleton, R. Y. Ballard, G. C. Riffe, S. G. McFinney, Rufus Lipps, James Yowell, W. A. Coffey and other citizens, residents and voters in Lincoln county Kentucky, and moved the court to continue the hearing of this case, until Thursday December 14th, 1911 in order that the above persons and others opposed to the holding of said election, may have an opportunity to examine the list of petitioners filed herein, to the end that all persons signing said petition who are not legal voters, and whose names are improperly signed and appear thereon may be stricken therefrom, and they state and are advised and believe that said petitioners do not contain a sufficient number of legal voters to authorize this court to call said election, and this motion is made in good faith and not for purposes of delay. They state that said petition was only filed on Friday December 8, 1911 and they have had no time to make a careful examination of said lists, which contains about 1750 names, and the attorneys thereon moved the court to continue the hearing of this case until Thursday, December 14th, 1911, to the filing of which paper and the making of said motion J. S. Owsley and G. D. Florence, attorneys for the petitioners objected and it appearing to the court that said P. M. McRoberts did not represent any person whose name was signed to the petition asking for said election overruled his motion to file said paper and overruled his motion to continue the hearing of said cause.

And thereupon the petitioners by their attorneys deposited with the court the sum of \$175, being the amount fixed by the court as necessary to defray the expenses of said election and the petitioners moved the court that said cause be heard and the court sustained said motion.

And it appearing to the court that at a special term of this court held Friday, December 8th, 1911 a written petition was filed and noted of record signed by a number of legal voters in each of the precincts of Lincoln county equal to and more than 25 per cent of the votes cast in said several precincts at the regular November election, 1911 asking that an election be held in said Lincoln county on February 10, 1912, for the purpose of taking the sense of the legal voters of said county who are qualified to vote at an election for county officers, upon the proposition whether or not spirituous vinous or malt liquors shall be sold, bartered or loaned in Lincoln county, and asking that the provision of the law and prohibition be applied to druggists, and this day came said petitioners and moved the court to enter an order directing said election to be held as asked in said petition, and it appearing to the court upon the proof heard in open court upon said motion that the signatures to said petition are true and genuine signatures of the persons whose names appear thereon, and that the petitioners are legal voters in their respective precincts in said Lincoln county as set forth in said petition; and that the regular election held November 7th, 1911, is the last preceding general election held in said county, and that there are 13 voting precincts in said county, and that the number of petitioners from each of said voting precincts is equal to and more than 25 per cent of the votes respectively cast in said precincts at the regular November election, 1911, which is the last preceding general election held in said county, it is now ordered and adjudged by the court that an election be and is hereby ordered to be held in Lincoln county, Ky., on Saturday February 10th 1912, for the purpose of taking the sense of the legal voters of said county, who are qualified to vote at an election for county officers, upon the proposition, whether or not spirituous vinous or malt liquors shall be sold, bartered, or loaned in said Lincoln county. And it is further adjudged by the court that the provision of the law and the prohibition shall apply to druggists.

And W. L. McCarty, Sheriff of Lincoln county is hereby ordered to open a poll in each and all of the voting precincts of Lincoln county on February 10th 1912, for the purpose of holding said election as herein ordered, and he is directed to publish the order and call for said election in the Interior Journal a newspaper published at Stanford, Ky., for at least two weeks before the 10th day of February, 1912, the date of said election, and he will also advertise same by printed hand bills posted at one or more conspicuous places in each voting precinct of said county for at least two weeks before said election.

The form of the question to be placed on the ballot is as follows:

FORMER LINCOLNITE

Now One of Most Substantial Business Men in Oklahoma.

A recent issue of an Oklahoma City newspaper in giving an extended write-up of the prominent business firms of the new state, had this to say of J. E. Carson, who went from Lincoln to Ponca City a number of years ago and has prospered in his new home:

Carson & Son. The development of this part of the state, both in the city and surrounding country, has been marked and one that has attracted wide attention. A large share of this prosperity and enlargement of territory now under cultivation outside our city, is due to energetic effort and foresight of active real estate firms. Prominent among these is the firm established five years ago by J. E. Carson and his son T. B. Carson, both of whom are well known to the business men of this community.

In addition to real estate, they represent a number of the world's largest insurance companies and do a large business in lands and farm loans. Everything in farms residence and commercial city property is listed in their offices, and both of the members of this firm are thoroughly in touch with the real estate field in this section of the country. During the comparative short time that this firm has been in operation they have developed a large business and their clientele includes some of the most important property owners in this section; and many of the important deals and transfers in the past years have been credited to this firm.

In addition to the activity displayed in their business they have always taken a prominent part in civic affairs and are recognized as the progressive type of men who have established for Ponca City a reputation for being one of the best cities in the state of Oklahoma.

COWBOY AS A MAYOR.

Jim Dahlman of Omaha, Made No Attempt to Conceal His Record.

Tall talks from little acorns grow, and James C. Dahlman is one of them. He went into the live stock commission business in Omaha a few years ago. He looked the ground over and decided it was time the city had a Democratic mayor. They had had none for seventeen years, and Dahlman started out to break the spell. He announced himself as a candidate. The old-timers said: "Well he's got nerve! Only lived here a few years and wants to be Mayor! Nothing in it, gentlemen; positively nothing in it." But there was something in it, for he was nominated by the democrats. The opposition put up a most respectable and high-minded person who used a glove when shaking hands with the voters. "Cowboy!" screamed the opposition. "Cowboy! Ya-a-h, nothing but a cowboy!"

"Fine," said Dahlman. "Cowboy is good enough for me. I'll put my chips on that."

A night or two after the cowboy reproach began to circulate Dahlman went to a meeting and made a speech. "They've been out west looking up my record he said, "and they find I have been a cowboy. You bet I was a cowboy and want to say right here that I was a good cowboy. No steer ever came down the pike that I was too big or too swift or too ugly for me to rope and tie. No horse ever came out of the corral that I couldn't side until he was worn to a frazzle. No broncho could buck me off and no broncho can yet. And I want to say to you people of Omaha that I am still a cowboy, and if any of your grafters and crooks come to me when I'm Mayor—for I am going to be Mayor—I'll rope and tie 'em and brand 'em quicker than I ever roped and tied a steer and that's going some."

Whereupon there were loud cries, Denver Field and Farm.

and the opposition took a new tack. "He played poker," they said. "You bet I played poker," answered Dahlman. "and I play poker now and if there is any man in this audience who ever sat in with me and didn't know he had been in a poker game after he got through I want him to stand up so I can see the color of his hair." More loud cries and tumult and miscellaneous noise. Meantime Dahlman had organized his cow-quartette, four young fellows who could sing, dressed them in cowboy rig, shaps and all, with big pistols and bronchos, and the cowboy quartette permeated Omaha, singing and firing pistols at every Dahlman meeting and bringing out great crowds. It looked like a sweep for Dahlman. The opposition was nervous. "He couldn't write a veto message grammatically or make a grammatical speech if he was elected," they said. "Now here," replied Dahlman, "I was born out in a frontier town and there were seven of us in the family. There was a sod school house a few miles away, and we didn't get much schooling, because we had to work pretty hard to help out our daddy and support the family. I'll admit I ain't very strong on grammar, but I've got horse sense. I suppose I can hire a man to write my veto message for me and my speeches, and fix them up nice and grammatical—and then my nice and grammatical—and not cost me much—but I want to tell you folks I'm not going to do it. When ever a crooked ordinance comes up to me I'll take the biggest bottle of red ink I can find and the stubbiest pen and I'll write across it: "Nothing doing. Jim Dahlman!" and that'll be grammatical enough for you to understand." The noise and cheering with which this announcement was greeted was something scandalous. The Omaha people liked Dahlman's talk, apparently for they gave him 3,000 purity and the cowboy is in the Mayor's office, roping and tying them, just as he said they would.

WILSON'S CAREER AN INSPIRATION

Young Men of the Country May Well Look Up to Him as Master of His Calling.

AS EDUCATOR AND EXECUTIVE

In Particular, His Record as the Governor of New Jersey Shows Him Worthy of Highest Position in the Gift of the People.

It would be hard to find a school boy over the age of twelve years who has not heard of the name of Woodrow Wilson.

Woodrow Wilson was born in Staunton, Virginia, December 28th, 1856. His father was the Rev. Joseph R. Wilson and one of the most influential churchmen of the south. At the age of two years his father moved to Augusta, Georgia, where he took charge of one of the largest and most influential churches in the south. Augusta was then a city of about 15,000 inhabitants, and it was here that the boyhood of the future governor of New Jersey and president of Princeton was spent.

Rev. Wilson moved to Columbia, South Carolina, in the autumn of 1870 and became a teacher in the Southern Theological Seminary which position he held for four years.

Woodrow continued to attend school, but most of his training was under the direct supervision of his father, and in spite of his late years to start at books he soon qualified for college and at seventeen he was sent to Davidson College, North Carolina.

Princeton Training Valuable.

In the autumn of 1875 he entered Princeton, where he graduated with the class of 1879. His going north to college was fortunate, for it gave him an impressionable age an opportunity to understand the northern, as well as the southern, point of view.

In the autumn of 1885 he was called to the chair of history and political economy in Bryn Mawr College. This he held for three years, when he was called to a similar position in Wesleyan University. He remained there two years and was called to his alma mater, Princeton, as professor of jurisprudence and political economy. Later in 1902 he was elected president of Princeton—the second oldest university in the United States. He took his Ph. D. degree on examination in 1886, submitting as his thesis "Congressional Government." This is considered the highest degree conferred by institutions of learning.

When Dr. Wilson came to the presidency of Princeton he had been known as a scholar, author and public speaker, but he was untried as an executive.

In his presidential office he carried out the idea of leadership which he pronounced in his first book, and has held ever since, in office and out of office. He proposed something at Princeton that was a radical change from the old way; it was the complete reorganization of the university in such a way as to bring into daily communication and companionship representatives of all classes and of the faculty. The proposal was against the tradition of Princeton, for it lent toward breaking up the self-elective clubs. "It sounded a startling note of democracy and pointed out broad ways by which the youth of the country could be brought up for the service of the country."

Young Men Look Up to Him.

Woodrow Wilson has been an inspiration to many young men who have looked up to him as a master of his calling—always helpful to others, as individuals and as a body politic. He copies after no one and individual thought is traceable in every essay and book that he wrote, but always regardless of the rights of others. The reforms he has inaugurated since he has been governor of New Jersey—probably the worst corruption-ridden state in the union—has put him prominently before the world. All over the country thoughtful men are writing and saying that he will be the Democratic nominee for the presidency when the convention convenes next summer. He is by nature and adaptation the fittest man for that office to be found in the United States.

Germs Spread in Skin

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch. Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema. A 25c bottle will prove this to you. We have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from D. D. D. Prescription. Instant relief from the very first application. We are so confident that D. D. D. will reach your case that it will cost you nothing if the very first full size bottle fails to make good every claim. If you have skin trouble of any kind, we certainly advise you to drop in and investigate the merits of D. D. D. anyway. We know that D. D. D. will help you.

F. J. Tamme took thirteen hogsheads of the 1910 crop of tobacco raised mostly on the farm of Forestus Reid, on the Hustonville pike, about four miles from town, to the Louisville market last week and sold

it over the breaks there. He received an average of 14 3-4 cents a pound for the weed, which is considered a good price. Some of his high grades brought big prices but the low stuff pulled the general average down.

The Bluegrass Tobacco Society of officials have decided to open an active campaign to secure signatures to the new ten-year pooling pledge, and will begin this week with a series of speeches at various points in Central Kentucky, and will keep up a warm canvass until March 1, when it has been announced the pool will close. A representative of the society will speak to the tobacco growers and farmers at the county seat of each county on every court day between this and March. The society officials say that they feel much encouraged formed the pledge already made. J. D. Clark, secretary of the Fayette Board of Control of this society, went to New Castle, Henry county, last week, and pooled thirteen big farms in one day

W. B. Burton sold to M. Lanbur, of Richmond, Va., 28 mules at an average of \$185 per head.

John Goggin and Charles Rankin returned from Unadilla, Ga., last week where they disposed of a carload of mules. They report market as still being low, though picking up a little.

Nevin Carter got in from Winchester last week his crack saddle horse, Kentucky Gentleman and the handsome young mare, Grace Dare, which he has had schooled for the past month or so by Billy Shropshire. Both came back looking to be in the finest shape.

Theo and Cleveland Bales, of McWhorter have bought "Ganett" No. 375,304, a fine thoroughbred Hereford bull calf nine months old for \$200. This calf is the highest bred Hereford that has ever been brought to Laurel county and was sired by "Bean Bourbon" the champion bull at the Chicago National Show in December 1911, whose sire was "Aerobut," the bull that Gittner Bros. paid \$7,500 for, whose weight was 3,600 pounds.

A big crowd attended the McKee Bros. second annual sale of Duroc brood sows and gilts at their home near Versailles last week. Fifty-eight head—14 sows and 44 gilts were sold for an average of \$35. Considering the splendid breeding of the animals offered and their fine condition the prices were low. The highest price of the sale was \$60, paid by G. H. Rubel, of Buena Vista, for a ten-months gilt by Forest Chief, out of Wilda Queen and bred to Golden Pride. Ed. H. Taylor, of Frankfort, paid \$55 for a gilt bred to Model Cherry and Dr. A. J. Alexander paid the same price for a ten-months gilt by Good-E-Nuff, bred to Forest Chief. Nine head brought prices of \$50 or over. McKee Bros. have just completed a modern, commodious and convenient hog barn, with a sales pavilion attached and in this building sale was held. Just before the sale an appetizing burgoo lunch was served on the second floor of the building.

The following stock has been sold at the stock pens of Thurmond & Coleman in Danville in the last few days: Lillard & Fox sold to Curd Bros., 19 800-pound cattle at 5 cents. W. M. Lillard sold a number of meat hogs to various parties at 6 cents. Alexander Bros. sold 43 1,000-lb cattle to J. C. Johnson at 5 3-4 cents. J. G. Irvine sold three 9-pound cows to M. J. Farris.

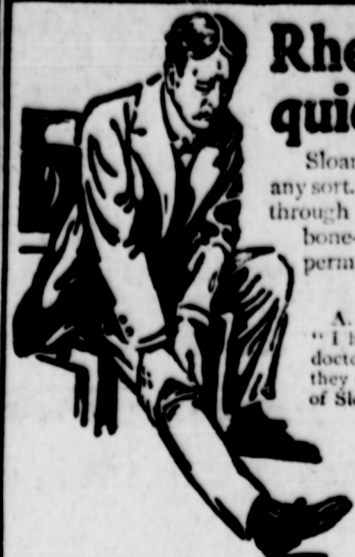

Robert Rankin, of the Hedgeville section, sold nine 1,135 pound cattle to Simon Weil, of Lexington, last week for which he received 6 1-4 a pound. They were extra nice ones and Mer. Weil will probably ship them east.

Mr. R. H. Crow one of the leading farmers and stockmen of Lincoln county was in town Wednesday and we were delighted to have him call in our office. Mr. Crow is giving much attention to a herd of Angus cattle he bought some time ago. He stated they were wintering fine, in the pink of condition. He owns one of the best stock farms in Kentucky an abundance of fine blue grass, and we predict that he will, at an early date, have an established trade on these cattle, not only throughout Kentucky but in other states—Danville Messenger.

N. J. Cone, the well known farmer of the Moreland section, has just imported from Ohio a trio of mighty fine Shropshire sheep. These are a combined mutton and wool sheep and are said to be about the most profitable a farmer can raise, some yielding as high as 18 pounds of wool per head while the mutton is all that can be desired. Mr. Cone intends to pay particular attention to this breed, until he has a large flock of them.

W. D. Rout, of the Moreland section, sold last week to Eph Newell, his little farm of 6 acres, at \$132 an acre. This land is extra well located and said to be very desirable. Mr. Rout then turned around and bought from E. T. Edwards, 16 acres of his place at \$40 an acre. He is also planning to purchase more land a little later on.

Pig loads of tobacco are coming to town to the warehouse here for on their way to Danville. The damp weather has been fine for it to come "in case."

The Famous Rayo Lamp

The best part of the day is the evening, when the whole family is gathered together around the lamp.

The old days of the smoky fireplace and flickering candle are gone forever. In their place have come the convenient oil stove and the indispensable Rayo Lamp.

There are to-day, in the United States alone, more than 3,000,000 of these Rayo lamps, giving their clear, white light to more than 3,000,000 homes.

Other lamps cost more, but you cannot get a better light than the low-priced Rayo gives. It has become so popular we may almost call it "the official lamp of the American family."

The Rayo is made of solid brass, with handsome nickel finish—an ornament anywhere. Ask your dealer for a Rayo lamp or write for descriptive circular to any agency of the Standard Oil Company (Incorporated)
